Part B for oct 23

SUBJECT

Revised scale of pay for the inserial establishment of the Geological Dept

---

Yc. 1868-99 10.10.23

To

The Director, Department of Geology.

Counterfoil to Govt

Yrs a

Government of His Highness the Maharaja of Mysore.

Genl. & Revenue Secretariat.

(1)

Office Memorandum.

No.G.8892-99/G.M. 42-22-14

Dated, the 21st May 1923.

It has been observed that the proposals, for the revision of the scales of pay of menial establishments submitted by certain Departments of Government under paragraph 5 of Government Order No.G.1639-93/G.M. 42-22-1, dated the 11th September 1922 in connection with the reduction of menial establishments result in many cases in an increase of cost instead of a reduction. As this was, in a large measure, due to the lack of a clear understanding of the intention of Government in regard to the reduction of expenditure on menial establishment, Government explained in their order No.G.4530-79/G.M.42-22-13 dated 14th March 1923, that the proposals of the Departments should be such that for each hand reduced, an average saving of Rs.132/- per annum is as far as possible, secured and that the number of posts on different grades of pay fixed with due regard to the total strength of the menial staff of the office, the largest number being in the lowest grade and a small number in the higher grades.

2. It has, however, been found from a scrutiny of some of the orders sanctioning the revision of menial establishments under the Government Order of 11th September 1922, that the principles enunciated in the Government Order of 14th March 1923, have not been kept in view in most cases. Revision proposals which do not follow the directions contained in the order of 14th March 1923 are found to have been sanctioned in the case of some departments even after the issue of this order.

3. Secretaries to Government are therefore requested to have all the revised scales of menial establishment sanctioned or under sanction, re-examined in the light of the directions contained in Government Order No. G.4530-79/G.M.42-22-13 dated 14th March 1923. It should be seen that for every menial reduced there is as far as possible a saving of Rs.132/-. The main object to be achieved is a

reduction of expenditure. Fixing the minimum pay of menialservants at a uniform rate in all the offices is a subsidiary matter, and if this cannot be secured without giving up the main object of reduction of expenditure the grant of higher pay under the order of 11th September 1933 may be held to be inoperative. Pending the issue of orders on such re-examination, sanctioned scales which are not strictly in accordance with the instructions laid down above, should be declared temporary and open to further revision.

By Order,

Sd/- R. Ranga Rao,

For Chief Secretary to Government.

To

The Secretaries to Government.

Sir,

With reference to your letter No.I.C.7767/Geol., dated 22nd June 1923, calling my proposals for further revision of the menial establishment of this Department, I have the honour to state that in consequence of the very limited staff sanctioned for this Department so recently as on 10th February 1923, I cannot see my way to propose any reduction either in the number or in the pay of the Menials. At present the Department has got five Officers inclusive of the Director. As all these Officers are touring Officers they are to be provided with required menial establishment.

2. In the late revision, one of the Officers (Supernumerary Sub Assistant Geologist) has not been provided with necessary menial staff and while he goes on tour, two of the menials have to be detailed to work with him. The menial establishment is so shorthanded that the office finds it very difficult to push through the work while all the Officers are on tours. Under these circumstances, I beg to state that further retrenchment of the menial establishment is not therefore possible.

I have the honour to be
Sir,
Your most obedient servant,

Serial No. 6

To
K. V. Anantharaman, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department, In charge,
BANGALORE.

Sir,

Adverting to your letter No.I.C.748/Geol. 17-23-4, dated 11th August 1923, stating that in accordance with the principles laid down in G. O. dated 11th September 1922, it will be possible to reduce the existing 24 menials by one; and that a wholetime scavenger for the office is unnecessary a sum of about Rs.4 or 5 per mensem being provided for scaveng-ing fees in the office contingencies; and that the pay of the sweeper may be paid at Rs.10 per mensem, I have the honour to state that the existing menial establish-ment consists of 24 menials as shown in the margin and that exclusive of No.2 (peons) the services of others for reason of their being attached to some technical work of this office, cannot be used as orderlies, and that out of 11 peons, one, being a watchman for the office buildings, has to perform duties out of office hours. Hence only ten men are available for orderly work of the officers and office as in the follo ing table:-

(1)	1 Mutchi	
(2)	11 Peons	1 Jamedar 1 Daffedar 1 Sub-Daffedar 8 Peons.
(3)	7 Bascars	
(4)	1 Sweeper	
(5)	3 Section cutters	
(6)	1 Scavenger	
	24	

(1) Under clauses (f) & (j) of G.O. dated 11-9-1922, the Director is entitled to 3 peons at his residence and 2 peons in the office.

(2) " " (b) " " 4 touring officers (2 Assistant Geologists and 2 Sub Asst.Geologist are entitled to 4 peons, one peon for each officer.

& (3) " " (g) " " Office asst. is entitled to one peon.

It may be observed that if the services of the existing peons are utilized as shown above there will be no peon available for the office work. I have already pointed out that with the present menial staff we just manage to get through the work of the office with difficulty.

2. As regards your proposal that a whole-time scavenger is quite unnecessary and a provision of Rs.5/- may be made in the office contingencies to meet the scavenging fees of this office, I am to state that your proposal commends itself to me and it will be duly carried out on receipt of your approval. The present scavenger may also be retired on pension or --- gratuity ~~---~~ whichever she is entitled to. The financial effect of this retrenchment is that a sum of Rs.11/- is saved from this office establishment budget; thus it will reduce the existing 24 menials by one as desired; and no further retrenchment is possible as it will not tend to the despatch of work in this office.

3. I beg to bring to the notice of Government another aspect of the case with reference to the sweeper sanctioned in G. O. No.I.C.5048-9/Geol. 19-22-35, dated 10th February 1923. This term seems to be a misnomer as the present incumbent has to do gardening work in addition to sweeping. The term, as it is, indicates that a person appointed as merely a sweeper will only sweep the office and its compound and do nothing more. A gardener is equally necessary as a sweeper is essential for sweeping the office. The office has a large compound facing a very prominent high road in a good locality and in consequence it has to be kept clean and swept regularly; moreover a small garden in front of the building adds to the look of the place, quite becoming to the office of a Head of a Department of Government. I would therefore suggest to replace the term "sweeper" by another term " gardener & sweeper " whose duty will be to sweep not only the office but also to look after the garden. The Senior Surgeon's Office which is located by the side of this office is given the privilege

of

of having a gardener and I request that Government may be pleased to extend the same privilege to this office also. I beg therefore to propose that the present sweeper may be called "Gardener & Sweeper" and to recommend that Government may be pleased to fix the pay at Rs.11/- per mensem as provided in the current year's Budget as the pay of Rs.10/- per mensem as suggested in your letter is inadequate for the work the gardener and sweeper is expected to do.

I have the honour to be

Sir,

Your most obedient servant

A. M. Sen

Offg. Director,

Mysore Geological Department.

P.V.N.

Proceedings of the Government of Hi
Highness the Maharaja of Mysore.

Read -

Government Order No.I.C.5048-9/ Geol. 19-22-35, dated 10th February 1923 fixing the scale of clerical and menial establishment of the Department of Geology.

2) Correspondence ending with letter No. 431, dated 11th September 1923 from the offg. Director, Department of Geology stating for reasons given that 23 menials are necessary for the Department and that the post of a whole time scavenger may be abolished and suggested that it would be sufficient if a sum of Rs. 5/- per annum is paid to meet scavenging fees from the contingencies.

Order No. I.C.1868-91 Geol 17-23-7
Dated Bangalore, 10th Oct. 1923.

The effecting retrenchments in the Department, Govt. ant directed in their order No.I.C.974-1033/ Geol.17-22-1, dated 9th August 1922 that the number of menials be reduced from 71 at a monthly cost of Rs.358/- to 47 at a monthly cost of Rs.271 But the Director again represented that 24 more hands at a monthly cost of 287+1 P.M. were necessary for the Department. His proposals were accordingly sanctioned in G.O. of 10-2-23 read above. As the above revision of the menial establishment did not result in securing a saving of Rs.132/ per annum for every hand reduced as laid down in G.O. No.G 8892-99 GM.42-22-14 dated 21-5-1923, fresh proposals

called for from the Director in the matter and he was also requested to state whether it would not be sufficient if instead of a whole time scavenger on Rs.11/- p.m. a sum of about Rs.5/- p.m. was provided for scavenging fees to be debited to office contingencies.

2 The Director now states that the existing menial establishment consists of 21 hands and that exclusive of 11 peons who are solely employed as office and home orderlies of the officers of the Department, the others are detailed for special work as noted in the margin.

(1) 1 Mutchi
(2) 7 Lascars
(3) 1 Sweeper
(4) 3 Costrin cutters
(5) 1 Scavenger.

It is therefore stated that it is no possible to reduce the number of menials further but that the post of a whole time scavenger may be abolished and that a sum of Rs.5/- p.m. be paid out of contingencies to the scavenger. The Director also states that the sweeper is attending to gardeners work in addition and that his pay may remain as at present at Rs.11/- p.m.

3 Government are pleased to direct that the post of a whole time scavenger on Rs.11/- p.m. be abolished and that a sum of Rs.5/-p.m. be paid towards scavenging fees from the office contingencies.

4 The scale of menial establishment as now revised resulting in a further saving of Rs. 130 p.a. is appended to this order.
